**VOTE NO ON
UNIFICATION**

A biased commission composed mostly of corporate lobbyists has forced a measure to the ballot asking our community to unify 14 school districts into one huge, unmanageable school district crammed with 116,000 students! This will create the largest school district in the Arizona and will result in a huge bureaucracy filled with red tape that will destroy the quality of our children's education.

Vote NO on Unification

- ✓ Lowers the quality of education for our children
- ✓ Raises taxes on homeowners
- ✓ Massive unfunded mandate that could bankrupt Arizona
- ✓ Being forced on our community by corporate lobbyists

*Vote for Lela Alston for
Phoenix Union School
